INCOME TAX GUIDES

If you are beginning to give your income tax forms some serious thought, you may find that the instruction booklet is not adequate. More complete guides are available from Internal Revenue offices.

"Your Federal Income Tax" is one publication which sells for 35 cents. Another at the same price is "Tax Guide for Small Business". The rural folks can have a guide free. Its name is "Farmers Tax Guide".

WHEN IT IS NOT

When is a mystery not a mystery Certainly when it is a repeat performance on television. A good story often is welcomed the second and even the third time. But it certainly does not apply to stories which depend entirely on their suspense and solution for entertainment. With this in mind we see no reason for the repetition of such shows as those seen in the Perry Mason series.

mistakes, all of the teams matched every quality play with a boner. In the midst of this it was difficult to realize that the Air Force club had tied Iowa.

But even more difficult to understand is why colleges make football a major sports attraction, use fan money to do it, and then fail to arrange play-off bowls which will settle the national argument. The four top teams could play elimination games the middle of December in a southern stadium, with the two finalists meeting on New Year's.

We keep writing in this fashion every year back here in our quiet fastness. If all the big name sports writers would blast forth along this vein we might set up a clamor that would bring results.

CONTRADICTIONS

The radio-tv trade is boasting in trade sheets that New Yorkers did not miss their papers during their recent strike. There is much proof (1. to r.) T. R. Sponsler, county to the contrary but best of all is their own critic, John Crosby, who

"The newspaper strike is over, at long last, and a man can pick up his news and read it at will, thank goodness. The strike emphasized one aspect of news coverage on radio and TV. Even if it were adequate -- and Charles Sellin, committee; and Berit isn't -- you must set your watch by the broadcasters; if you want news you must listen when they give it. If you're bored, there's no turning the page to something else. You can turn it off or listen. There is no other choice.

"This is not meant as a criticism. There's nothing the broadcaster can do about it. But the range is certainly narrow. If you have a special interest in, say, real estate, you can't very well turn to WIXZ "The real estate station" and gorge youself on news about corner lots. You just have to some real estate news to trickle through. That means you have to sit a teacher of the same in the Youngsthrough all the other news. By Bob Walsh

HALF A SCORE

A half a score years and one month ago this publication was born. We didn't observe our tenth anniversary the first week in December for two reasons . . . it was a busy month and we don't much go for chest thumping

But our curiosity led us to a gress and stalemate.

On December 9, 1948 we published the first copy of the Warren Newsletter. It was a transitional stage that kept our news office alive in the minds of many readers and radio listeners.

Playing a major part in the content of those first two issues was borough council was using executive sessions in an apparent effort to quietly put the new tax through before opposition could develop.

Inasmuch as this was a subject of vital public interest we kept the readers informed concerning what was transpiring in these "confidential" sessions. The result was a wave of indignation which was stopped short only by the indecision of the opposition. They could not agree on a substitute.

(It always is easy to develop opposition to taxes. But it never is easy to obtain tax proposals from those to be taxed.)

WE PROMISED

the first issue we had one hragraph of promises which were offered as a representative group of our editorial objectives. We promised to back pensions for firemen A clean and fully utilized river . . . Smoke control . . . A plan for Warren recreational facilities A year-around program for the use of those facilities.

We promised also to work for a broader approach in the use of public buildings for community activities, including the schools . . A high school athletic program dedicated to the needs of the students and not to the victory obsession of the fans.

And our paragraph of promises included the intention to work for a public auditorium (even if no more than an alteration to an existing building, such as Beaty).

Editorially we discussed taxes, with the per capita proposal as the center of attraction. Warren needed forty to fifty thousand dollars. Warren's strong financial condition was pointed up, and the needs listed included traffic lights, street repairs, a sewage plant, and flood control.

In the second issue our main editorial dealt with the Allegheny river and electric power. It revealed the fact that a dam does perusal of the first pair of copies not justify its construction unless and we believe what we saw there it has many purposes, and some might prove interesting in view of probably were amazed when the current events. We find both pro- electric potentialities of the Kinzua dam were revealed in cold figures, even to the amount of coal that would be conserved each year.

1948 NEWS

In that original issue we caught up on the news by reviewing a few months of it in conjunction with the events of the week. In addition to the per capita tax. The Warren the tax need the Warren borough council was studying the "taxanything" law, No. 481. It also was discussing flood protection for the South Side by way of a dyke. But the state wasn't being cooperative about channeling Glade run which on several occasions has caused us much trouble as the result of such delay.

> The parking lot back of Warren's municipal building was being built; Councilman Charles Miller was warning the community concerning its fire hydrant insufficiency; there was talk of dredging the river for materials with which to repair the airport; and the state was expressing opposition to filling the millrace because of the possible effect on high water.

In the weeks that followed we pounded at the per capita tax, but it was passed and still is with us. It originally was budgeted to produce about \$44,000. We predicted it would do no better than \$35,000. After ten years, even with a population increase, it now is budgeted at \$35,000.

Our preference as a substitute at that time was the income tax.

In the one case, a man desiring to sell his property is thrown off guard by the unexpected news that a buyer is at hand and ready to pay even more than the asking price.

In the other case, the loan seeker who is discouraged because no bank will finance him suddenly learns that an even bigger loan is in the offing. In both instances the victims find they have paid fees, not for what they thought they were buying but only for an ineffective business service."

To determine which smallbusiness men make good prospects for solicitation, the promoters scan advertising for small business loans. They assume that such advertising is purchased only by those unable to obtain loans from conventional sources.

A stranger will walk into a store and arouse the curiosity of the clerks by declining to make a purchase but seeming to be very interested in the store's furnishings and the arrangement of its wares. He strives to give the impression that he is some sort of inspector.

BUDGET TO FACE COUNCIL

Warren's budget for 1959 and fluoridation will face the borough council when it convenes in the chambers of the city building next Monday evening.

While the exact budget figure to be proposed was not available last night, a borough official stated it was slightly higher than the \$493, 196 total budget of 1958. Of this figure, \$363,200 was from tax millage against property.

The meeting Monday should see council adopt a \$5 per capita tax.

The budget will be presented for amendment or final adoption at the February meeting, but some believe the issue may be held back if the new assessment figure are not avail-

A report from the public service committee on the fluoridation matter is expected, but whether or not the ordinance presented earlier and now under consideration by the committee will be thrown in the laps of the town fathers remains to be seen.

The new Sewage Plant will be discussed and council is expected to appoint an administrator to be in charge of the plant. Bids are also scheduled to be open for the new three-quarter ton pickup truck for the public works department.

ATHLETES INJURED. Two stars on the Warren high school 1958 football team, quarterback Lou Mascaro and lineman Dick Sorenson, sustained injuries early Saturday morning when their auto crashed near Marion, Va. The pair were returning from a vacation in Florida when their car left the highway. It was believed Mascaro fell asleep at the wheel while driving.

REPEAT PERFORMANCE. The Warren Super Market was the scene of a second break-in last Sunday, January 4. The vandals were believed to have entered through a rear window which opened into the basement of the building. Climbing up the cellar stairs and removing pins from a bolted door gave the wrong-doers entrance to the main floor. When the owners discovered the break-in early Monday morning they found an empty cellophane bag which had contained chipped beef on the floor. The culprits were believed to have gained entrance shortly after closing time on Sunday.

NEW YEAR'S MISHAP. Shortly after the New Year had begun last Thursday, Arthur J. Phillip, 19, of 123 Marsh ave., Youngsville, failed to make a curve at Park st. and street, hit a curb, and struck a tree. Phillips was proceeding southwest on Park when the incident occurred which resulted in \$200 damage to his car.

Joseph Duffee, 20, of 303 Pa. ave., east, a passenger in the vehicle, suffered lacerations and contusions of the head. Phillips was arrested for driving too fast for conditions.

TOO LATE FOR CINDERS. Patricia L. Dunn, 2 Myrtle st., Warren, pulled out onto Pa. ave. from Beech st., but she failed to get traction. Joseph Wiley of Erie, travelling west on Pennsylvania, noticed the car but could not stop his auto in time and smashed into the side of the Dunn vehicle. Damage to the Dunn car was \$290 while damages to the Wiley auto were estimated at \$100. No arrest was made and fortunately no injuries occurred.

While police officers were at the * * * scene of the mishap investigating, was felt by the two car owners.

Two Teachers Resign At Board Meeting

The resignations of Mrs. Eileen Johnson and Mrs. Marjorie Petzold, first grade teachers at McClintock and Home Street schools, were accepted by the Warren Borough School Board at the January session Monday evening. Mrs. Lydia Jackson Main had been employed previously to teach in the two positions vacated and the board authorized en-

years.

The finance committee presented bills totalling \$56,837 for payment. Of larger amounts were the borough's share of the operation of Beaty and the high school, \$39,646; semi-annual contribution of the borough to the Public School Employees Retirement Board, \$11,214; compensation insurance, \$661; fourth quarter contribution to Social Security, \$551.

Other bills included \$760, substitutes employed; \$128, recreational services; \$298, special services; \$79, janitors' overtime. Milk bills totaling \$712 for December were authorized to be paid. The fund will show a balance of \$1,117 when the state subsidy for November and December is received.

With the 1928 bond issue terminated, the board authorized transfer of about \$95 remaining into the fund

Receipts acknowledged were \$350, from Warren County School Board, rental for the room used for special children at South Street; \$3,364, borough share in 1958 recreation program; \$8,579, state reimbursement on the last payment to the authority for the Jefferson building; \$568, reimbursement for October milk program.

\$640; napkins, \$391; \$2,000, janitors' supplies.

Taxes on wages paid in 1959 will be slightly larger: the employer Phone 2914 will deduct 2-1/2 per cent from the employee's wages and pay a similar annument more and pay a similar amount himself. Coming Events

THE "FEAST OF LIGHTS" will come to life at Trinity Memorial Church, Sunday, January 11, as Trinity Youth Fellowship and Trinity Chi-Rho sponsors the 5:30 p. m. pageantry.

Through the ages light has been the symbol of progress and truth. "The Feast of Lights", depicting the spread of Christian Truth, had its origin in the Eastern Church servance of Christmas by the Western Church. The feast of the Epiphany inaugurates the great missionary season of the Church. The feast of Epiphany today gives many of the historic continuity of the Church; the universality of Christ, and the beauty and glory of the Christian message as reflected in the symbol of light. Thus the United Movement of the Church's youth has included this festival in its year's plans for all of the youth of

the church. Music for the "Feast of Lights" will be presented by Richard Sidey (organist) and Mrs. Francis Ericsson, Miss Nancy Wickstrom, Richard Andersen, and Richard Yeagle (vocalists).

A cordial welcome is issued to everyone in Warren and vicinity.

Bare-Boned Greek Drama

The cold clear purity of motivation in the Greek drama always enchants me if for no other reason than that it is such a cor-

rective to the muddy neurotics in our own drama. Clytemnestra killed Agamemnon because he had killed their daughter. And Orestes killed his mother because she killed his father.

And in both cases they were ordered to by the

It makes everything so sim-Aeschylus' last and finest work, the trilogy "Oresteia," to an hour, ing a little far in the line of direct daughter in exchange for a good looking, deadpan actor named John simplicity. The production Sunday really stripped the celebrated trilogy down to its bare bones. In a trice, Agamemnon was in and out of Troy -- a little matter of ten years condensed to a minute or so -- and ready for his wife's blade.

Much of it was just reduced to a chanting of the plot line while actors postured silently on the

The annual "Bosses' Night" banquet will highlight the Warren Junior Chamber of Commerce's observance of Jaycee Week, January 18-25. The principal affair will be held at the Marconi Club Thursday evening, January 22, and will feature the presentation of the Distinguished Service Award to a young man who has been an outstanding contributor in leadership and service to the community during 1958.

Jaycee Week chairman Ronald Howard has announced the following rules will govern the nomination and selection of DSA candidates.

1. The Junior Chamber of Commerce Distinguished Service Award is presented annually to an outstanding young man of the community for leadership and service to the community during the past year. The nominee need not be a member of the Warren Jaycees.

2. Any young man between the ages of 21 and 35 is eligible for nomination. If the nominee reached his 36th birthday before December 31, 1958, he is eligible for the award based on activities when he was 35

years old. 3. The judging committee will be composed of distinguished citizens of the community who are over 35. Their decision will be based on 1. Contributions to community welfare during the year; 2. Evidence of leadership ability; and 3. Evidence of personal or business progress.

4. All nominations must be received by the committee by January 15, 1959.

Nomination blanks are available in the lobbies of the Warren National Bank, Warren Bank and Trust Company, and are also being published in the local newspapers.

If any Greeks are prowling to a television series? through our libraries 2,400 years from now, they are going to find us a little "barbarous and alien," too. PUBLIC EVENTS

TRYOUTS . . . for the Warren Players production "A Murder Has Been Arranged" will be held from 7:00 to 9:00 p.m., January 19th and 20th, in the Woman's Club auditorium. The play will cast nine people -- five women and four men.

Directed by John Zavinski, this ghost story in three acts will have suspense aplenty and a ringing end, and should be one of the best of this or any other season.

The play is scheduled for March 12th and 13th, with curtain time at 8:30 p.m. * * *

ANNOUNCEMENT is made that there will be no auto show this year, but it is likely it will be held next January in the West Side skating rink. A meeting of the committee was scheduled for last evening (Wednesday), and if there were any new developments they may be found in the "In Brief" column.

This affair is sponsored by the Forty et Eight. * * *

THE FIRST BLACK AND WHITE photography exhibit in Warren will be held January 15, 16, and 17th in the Wetmore Gallery of the Warren Public Library.

The exhibition is being staged by the Warren County Amateur Photography Society which was organized last October. The purpose of the exhibit is to encourage and advance work in the black and white medium.

All prints are to be submitted to Mrs. Georgia Coyle at the library no later than tomorrow (Friday). Any black and white print on any size limited to 16 x 20 inches. Photo essays are also encouraged, and entries will be limited to 10 prints per essay. Print size must not exceed 8 x 10 inches.

TE LA DI O

RISE TO SHINE

Educational television has come to Warren county area and viewers, by forsaking the four-poster in the dawn's early light, may expand their knowledge and understanding of literature and atomic age physics.

WBEN is carrying Sunrise Semester at 7:30 a.m. Mondays through Fridays. Prof. Floyd Zulli, Jr., of New York University, conducts the course in Comparative Literature. This week's sessions have been devoted to discussion and analysis of Stendahl's novel, "The Red and the Black". To get the most benefit from the course we suggest you beg, borrow, buy or visit your local library for a copy of the book being discussed and read it concurrently with Prof. Zulli.

It is a little late in the week for Stendahl but next week Balzac's "Pere Goriot" will be on the menu. Following that will come Dickens' "The Pickwick Papers", then "Vanity Fair" by Thackeray, Melville's "Moby Dick", "Madame Bovary", by Flaubert, Hardy's "The Return of the Native", "The Brothers Karamazov" by Dostoyevsky, Mark Twain's "Huckleberry Finn", Zola's "Germinal", "Tonio Korger and Death in Venice" by Mann, "Swann's Way" by Proust, "A Portrait of the Artist as a Young Man" by Joyce, "Main Street" by Sinclair Lewis, "The Counterfeiters" by Gide, and Hemingway's "The Sun Also Rises". This course in literature will take you through April 17 and by then there should be some sunshine to brighten your days.

If Sputnik and Lunik have you or .. biting with a dunce cap on your nose cone, then "Continental Classroom" is your early morning remedy. This course in atomic age physics is carried by WGR and WJAC at 6:30 a.m. weekdays. The latest figures on this program which carries college Line", and "The Hatemongers". credits are: about 270,000 daily viewers; carried by 149 stations; 250 colleges and universities offer full academic credit; 5,000 high Jan. 18, 5:30-7 p.m. school teachers or teachers-intraining are registered enrollees; DIAL SPINNERS

"Daddy, am I included in your will?"

Perhaps you think you can answer "yes" to this question, but — ARE YOU SURE? Even vast wealth and the best intentions, do not assure security for your family after you're gone. Mismanagement can destroy an effective estate plan, thereby making a large estate small, and a small estate inadequate.

Assure your family's future welfare and protection, by naming an experienced and responsible Executor and Trustee to carry out your will. We invite you and your attorney to consider us in that capacity, and to discuss plans for your family's future protection with our Trust Officers. Time doesn't wait. Consult us today!

Deductions That Cut Your Tax Bill

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Certified Public Accountants and the Pennsylvania Society of Certified Public Accountants, in cooperation with the Internal Revenue Service.)

THE big question facing the small taxpayer at this time is whether to itemize deductions or take the standard

Interest on Loans - The interest you paid on loans is deductible. This includes any mortgage, automobile, appliance, home improvement or personal loans you may have had. Interest on installment purchases is also deductible. Evidence, such as a statement from the seller, should be obtained to show the amount of interest that you paid during

State and Local Taxes - Most taxes, other than federal taxes, are deductible. These include, state and local real estate, personal property, income, retail sales, gasoline and poll taxes. You can deduct auto license fees, but not auto inspection fees. If you don't have an exact record of some of these taxes, you can make a reasonable estimate.

Charitable Contributions -Gifts to charitable, religious, educational, scientific or literary (in some cases 30 per cent) of ployment agency fees. "Periodic" books or furniture you may have heading.

Medical and Dental Expenses -Unless you or your wife has reached the age of 65, your medical expenses are deductible only to the extent that they exceed 3 per cent of your adjusted gross income. Include in your medical portant items to watch for while deduction the cost of doctor, nursing, dentist's X-rays, and hospital services. You may also deduct premiums for health, accident and medical insurance.

> Casualty Losses - You are entitled to deduct your uninsured home losses from fire, theft or storm. Damage to an automobile is deductible if the accident was due to faulty driving but not negligence on your part.

Child Care Expenses - Widowed, divorced or legally separated taxpayers, and in some cases any taxpayer, who must pay for the care of a dependent while they work can deduct up to \$600 of this expense. YMCA CITY LEAGUE

The long vacation lay-off seemed very ineffective to the leaders of the City League, Blueberry Hill Inn, as they roared back with a 75-47 decision over Struthers Hose last Monday night. Struthers employed various defensive tactics, attempting to confine the Inn, but they were in vain. Blueberry vaulted to a 28-11 lead at the end of the first canto and continued to build up their margin until the final quarter when the two teams both dumped in 13 points.

Bob Schenck and Dickie Danielson continued to pace the Blueberry squad with 23 and 21 points while Ben Obinger, with eight field goals and four foul points, led Struthers with 20.

The Style Shop team maintained their second place status with an easy 98-51 win over G.G.Greenes. The Stylers grabbed a quick 30-8

lead at the end of the initial eight minutes and were leading 54-21 at halftime. The young, inexperienced Greenes crew came out with a hot hand in the third period as they scorched the chords for 20 points with some beautiful set shooting, but they just could not keep up the torrid pace. The winners came back to outscore the Green and White aggregation by 16 in the final stanza to preserve the con-

Ed Lindberg, Dave Berdine, and Bob Kolesar racked up 62 points between them to lead the Style Shop. Corky Carlson hit for 16 and Dick Terry and Rich McCleest nipped Sheffield, 58 to 57, and ment had 14 and 10 for G. G.

City League fans are in for a OTHERS -- Sharpsville tipped thriller tonight at 7 p.m. as the

GRA-Y LEAGUE

North Warren gained a two point edge at halftime, blanked their opponents in the third quarter and outscored them again the fourth frame to trim East Street, 28 to 15, in a Gra-Y Basketball loop game. Anderson paced the winners with 15 and Albaugh's 5 were high for East Street.

YMCA JUNIOR LEAGUE

The Knicks and the Celtics posted wins during the week in the YMCA Junior Basketball circuit.

The Knicks downed the Pistons, 36 to 30. Lundahl's 13 were high for the winners and Don Wilson paced the losers with 14.

The Celtics bombed the Hawks, 42 to 25, as Brooks and Arnold combined to outpoint the opposition for the Celtics. Brooks notched 17 and Arnold 16, while Doug Wilson bucketed 13 for the Hawks.

YMCA NATIONAL LEAGUE

The Royals nipped the Nationals, 38 to 37, and the Lakers defeated the Warriors, 40 to 29, in National Basketball loop activity.

Massa led the Royals with 14 and Gallagher paced the Nationals with 11. Scoring for the Lakers was evenly distributed with Bliss, Check and Wendelboe rimming 9 each while Haer hit for 13 and Larson 12 for the Warriors.

CAGER SEEN HERE MISSING

Willie Joe Hunter, who played his scholastic basketball for Meadville several seasons ago and performed well for the Bulldogs on numerous occasions against Warren High School teams, and who started the current season as a regular for the Duquesne University quintet, has left the Pittsburgh school and vanished from sight.

After graduating from high school, Hunter attended Clarion State Teachers College for a time, served a hitch with the US Army and then transferred to Duquesne where he was touted as the best cage prospect at that school since Si Green.

But the Meadville cager could not fit into the style of ball being coached at Duquesne by Red Manning and after losing his starting berth on the team and playing only four minutes in three games during a recent tournament, called it quits at the Pittsburgh school.

PRIZE WINNERS

The Warren Hot Stove League and the Warren Kiwanis Club offer congratulations to the lucky winners of prizes in connection with the sale of tickets for "Charlie Musante Day." The lucky youngsters are LaRue Whipple, son of Bova. Pete Bova, Dick Hartnett, and Mr. and Mrs. Leo Whipple, 21 Ben Obinger (standing, l. tor.) round S. South st., a two-wheel bike; Tim out the team. Fino, son of Mr. and Mrs. Alex Fino, North Warren, an all-transistor portable radio; and Gary Dunham, son of Mr. and Mrs. Preston Dunham, 5 Myrtle st., binoculars and a leather carrying case.

Hot Stove League officials and Kiwanians also wish to thank all the boys who participated in the sale of tickets for this worthy cause.

THE STRUTHERS HOSE FIVE, presently holding down third place in the City League, will match their skills with G. G. Greenes tonight at 8 p.m. at the Y. The team may be lacking in height but they make up for it with keen aggressiveness.

LEAVE IT TO OUTSIDERS

The provision of major facilities, especially recreational, seems so often to depend on non-residents. This we have thought was peculiar to Warren, but in a recent issue of the Titusville Herald we note signs of it elsewhere. That community is getting a new eighteen-hole golf course. It already has a mine-hole country club course. The new course is provided by Oil City money.

In Warren the first step toward modern bowling facilities occurred just before the war when an Oil City man bought the Penn Bowling Center building and installed eight lanes. It now is owned by Pete Juliano.

Later a ten-lane house was constructed in North Warren, and again a non-resident was the instigator and is the present owner. Now we see a sixteen-lane house going in on the West Side, known as the Riverside Lanes. We suspect that outside interests were the prime movers in this one, too, though local men are the ones mentioned as the operators and owners.

Warren's radio station was another example. Warren had been served by a Jamestown station for several years and one daily fifteenminute news program was so popular that the advertisers were standing in line as prospective sponsors.

When outside capital came into Warren, the merchants already were sold on radio and the investors enjoyed the peculiar experience of doing no more than make available the time and facilities. Profit came far sooner than usually is the case. But local money was afraid to take the step.

On the West Side of Warren a roller skating rink is going up. Did a Warren man build it? No! The proprietor is Anthony Pellegrino, of Kane, and we suspect there is some Sheffield capital involved.

We could name many other examples, but at the moment we are interested in the Titusville golf experience. It reveals much that those interested in providing similar facilities for Warren should know.

There is not enough money in a golf course to justify the investment required. It must be done by a private club, a community, or by those who would use it to attract thirsty ones to their bar, hungry ones to their kitchen, or both.

In the Titusville example the former Fairway Knolls course is being taken over by the Rayland Corp., of Oil City, which will build a club house and a motel. Another nine holes will be added and the name will be changed to the Cross Creek Country Club.

It will have a membershiplimitation of 700. Two lakes are being created as hazards. There will be ice skating and swimming.

It will cost a family \$50 to join and an individual will pay \$35. If they wish to play golf they then will pay \$2 a day or they may pay \$50 for the season, plus \$30 more for a wife, and another \$20 for a child. A family golf membership adds up to \$150 for three people, plus the twenty per cent tax. The grand total becomes \$180. And more if there are more golfers in the family.

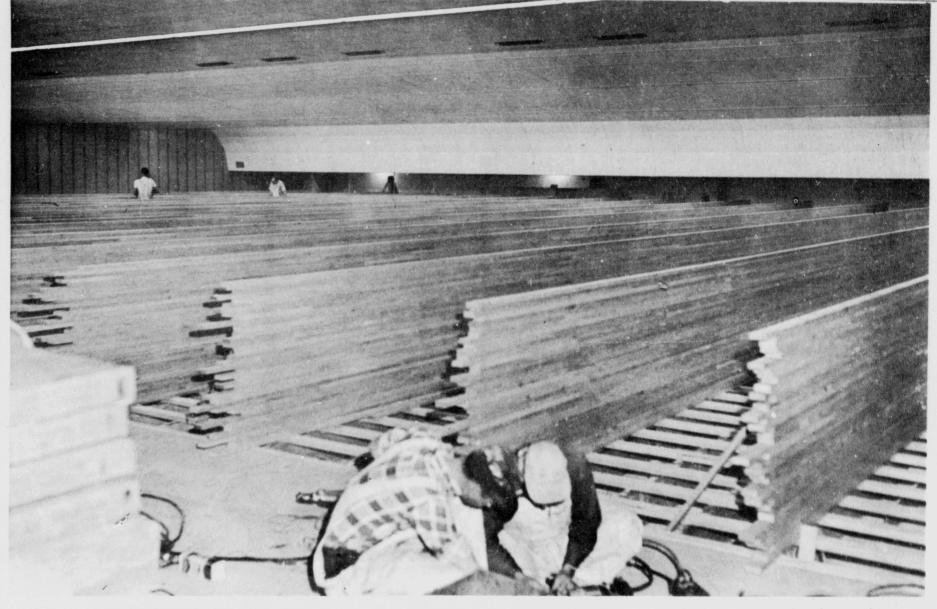

An individual can join and play for \$85, plus tax.

This may not be enough, and we doubt if it is. If so the price will go up.

The possibilities of success are greatly boosted by the location of this course on the road which leads to Oil City. A similar situation exists in Warren county. A course built north of Warren on the main highway would draw additional business from Jamestown.

It could be done, but we will not be surprised if outside adventurous capital will be required to make it a reality.

"Television is called a medium because so little of it is either rare or well done."—Mrs. Deane Binder.

RIVERSIDE LANES. The 16 alleys for the Riverside Lanes, Warren's new bowling alleys on the West Side, are being constructed and will be laid soon. January 15 is the date

which has been set for the opening of the new recreational center.

What Is The Largest "Farm Group" In Pennsylvania?

114,000 Farm Families That Regularly Save Trading Stamps Are The Biggest "Farm Group" In Pennsylvania.

America's farm families are traditionally thrifty. The same pattern of thrift is found in Pennsylvania. It is only natural, therefore, that the response of Pennsylvania farm families to one of the oldest forms of thrift -the trading stamp-is so noticeable.

Today over 114,000 farm families save them. You might say that these savers constitute the largest single farm group in the state.

During 1957 alone, thousands of dollars worth of trading stamp merchandise went into farm households in the state, and every 2 seconds a farm family is redeeming trading stamps.

There is still another sidedirect income for farmers. During 1957 the stamp industry purchased from Pennsylvania farmers \$1,066,000 worth of primary materials that go into the manufacture of merchandise for stamp redemption.

No one can contemplate these facts and fail to realize that both personally and economically the trading stamp industry is a meaningful and welcome force in the life of our state.

This message is published as public information by THE SPERRY AND HUTCHINSON COMPANY, originator 63 years ago of S&H Green Stamps.
